

Your Teacher's Question: What are some of the challenges an obstetrician may face?

SHOW ME YOUR ACES!!!

A

Answer the teacher's question in the form of a sentence:

One challenge an obstetrician may face is the time that the baby is coming out.

E

Give an example:

An example is if the baby is coming out too soon.

E

Explain/elaborate/expand upon your example:

The baby has to stay in the mommy until it is finished growing and is strong enough. If the baby comes out too early it will have health problems because it has small lungs or a weak heart. The smaller the baby is the harder it is to stay warm.

S

Summarizing statement:

There are a lot of challenges an obstetrician may face. Sometimes the baby may have to come out too early.

Completed Paragraph:

One challenge an obstetrician may face is the time that the baby is coming out. An example is if the baby is coming out too soon. The baby has to stay in the mommy until it is finished growing and is strong enough. If the baby comes out too early it will have health problems because it has small lungs or a weak heart. The smaller the baby is the harder it is to stay warm. There are a lot of challenges an obstetrician may face. Sometimes the baby may have to come out too early.
