

Your Teacher's Question: If you were a scientist, what would you study?

SHOW ME YOUR ACES!!!

A

Answer the teacher's question in the form of a sentence:

If I were a scientist, I would study the brain.

E

Give an example:

An example of what I would study about the brain would be how it tells our body parts to move.

E

Explain/elaborate/expand upon your example:

I would try to figure out what the brain uses to tell your hand to hold your pencil. I could also study how the brain tells your hand what to write.

S

Summarizing statement:

I would be a brain scientist because being a brain scientist would allow me to study how our brain controls the movements in our body, like how we move our hands to write.

Completed Paragraph:

If I were a scientist, I would study the brain. An example of what I would study about the brain would be how it tells our body parts to move. I would try to figure out what the brain uses to tell your hand to hold your pencil. I could also study how the brain tells your hand what to write. I would be a brain scientist because being a brain scientist would allow me to study how our brain controls the movements in our body, like how we move our hands to write.

Name: _____

Basic ACES Scoring Tool

Focus —Answered the teacher’s question in the form of a sentence	5 points
Content —Cited and explained 1 example (text-based or self-based)	5
Organization —Included introduction (A), body (C, E), and conclusion (S)	5
CUPS —Capitalization, Usage, Punctuation, Spelling	5
	/20 total
Presentation —Paper is properly formatted, legible, and aesthetically pleasing	5
	/25 total
